1. The ACA Board will determine areas of interest for funding projects on an annual basis
2. The ACA reserves the right to actively target groups or programs that align with ACA strategies and commitment regarding CSR
3. ACA funding will be provided (preferably) through registered organisations not through individuals
4. ACA funding will be reserved for projects or programs that deliver health outcomes through chiropractic care
5. ACA funding will be reserved for projects or programs that are Australian based or delivered by Australians in overseas locations as part of a community development approach
6. Applicants for funding will need to demonstrate proposed outcomes of investment and how the money will be applied to achieving the proposed outcomes
7. ACA funding will initially be for a period of up to 12 months and applicants may reapply at the end of that period for a continuation or extension project
8. Travel and accommodation costs will not generally be funded. Such costs will only be considered, to a limited extent, if it is demonstrated that they are essential to the outcome of the project.
9. Applications with project budgets solely for equipment items will not generally be funded. Equipment will be considered for funding to a limited extent if it is demonstrated to be essential to the outcome of the project.
10. ACA funding assessment criteria will include: likely success of the contribution to improvement in health & wellbeing; overall likely community impact, evidence of need; value for money; innovation; planning, implementation and evaluation
11. Applications that that are separately partially funded and of sufficient scale to make a material difference will be well regarded
12. Organisations that receive ACA CSR funding will be expected to actively acknowledge the source of funding, provide regular reporting – and verifiable evidence of community impact
